A career in transportation offers exciting opportunities, but it comes with the responsibility of adhering to strict Department of Transportation (DOT) regulations. These regulations include mandatory drug and alcohol testing for safety-sensitive positions. Failing a DOT test, refusing testing, or violating other regulations can lead to disqualification from your job. However, a [DOT SAP Evaluation](#) can pave the way for getting back on the road.

What is a DOT SAP Evaluation?

It is a crucial step towards regaining DOT compliance after a violation. A qualified **DOT-certified professional** conducts the evaluation. They assess your situation, determine the appropriate course of action, and recommend treatment or education programs, if necessary.
