Sonalika Tractor Series In India

Sonalika offers 7 tractor series in India, each designed to meet the different needs of farmers. These series provide great fuel efficiency, extra power, high productivity, and excellent performance. The available Sonalika tractor series are:

Sonalika Sikander

The Sonalika Sikander series includes tractors ranging from 39 HP to 60 HP, designed to handle all farming and transportation needs. These tractors are ideal for use with tools like cultivators, disc harrows, rotavators, potato planters, and ploughs. The top 3 models in this series are Sonalika DI 750 III RX Sikander, Sonalika 42 RX Sikander, and Sonalika 35 RX Sikander.

Sonalika Mahabali

The Sonalika Mahabali series is India's first tractor series, which was specially made for puddling. It has a strong presence in southern states like Tamil Nadu, Andhra Pradesh, Karnataka, and Telangana. The series currently has two models, Sonalika Rx 47 Mahabali and Sonalika Rx 42 Mahabali, in the 42-50 HP range, suitable for various farming attachments.

Sonalika DLX

The Sonalika DLX series combines ruggedness and performance. Its salient features include an LED DRL headlamp, LED tail light, PRO+ bumper, metallic paint, heavy-duty mileage engine, and a high-lifting capacity of 2000 kg. The models starting from 50 HP to 60 HP comprise the Sonalika DI 750 III Multi Speed DLX, Sonalika DI 55 DLX, and Sonalika DI 745 DLX.

Sonalika Tiger

The Sonalika Tiger tractor series integrates powerful Sonalika performances with European design. They have power ranges from 15 HP to 75 HP. It includes new technology, such as Sonalika's first electric model, and handy features like the Sonalika Sky Smart app, which enables farmers to check their tractor's health from a distance. Popular models are the Sonalika Tiger 47, Tiger 50, and Tiger Electric.

Sonalika Mileage Master

The Sonalika Mileage Master tractor series stands for power and fuel economy. High-tech tractor, ranging from 35 HP to 52 HP, performs all farming operations related to planting, harvesting, and cultivation. These tractors are truly durable and reliable due to their strong engine, efficient brakes, and heavy-duty hydraulics. Models include Sonalika MM 35 DI, MM+ 39 DI, and MM+ 45 DI.

Sonalika Baagban

The Sonalika Baagban Tractor models, priced between Rs. 4.50 Lakh and 5.09 Lakh in India, are known for their advanced features. Each model, with a 30 HP range, includes high-tech components like advanced hydraulics, large fuel tanks, improved suspensions, and effective brakes.

Sonalika Garden Track Tractor

Sonalika's Garden Track Tractor Series is made for farmers in orchards, vineyards, and specialized farms. Popular models include the Sonalika GT 20, GT 22, and GT 26. These tractors are designed to meet specific farming needs.

Sonalika Electric Tractor - Tiger Electric

Launched on November 10, 2022, Sonalika Tiger Electric is India's first farm-ready electric tractor. This new tractor is equipped with the energy-efficient German-made E Trac technology, offering a top speed of 24.9 km/h and an output of 11 kW.

covers important parts like the engine, transmission, and hydraulics. It helps farmers save on maintenance costs and reduces downtime. The warranty also gives the manufacturer confidence and can increase the resale value of the tractor. Overall, it supports agricultural efficiency and crop sustainability.
